Bitches in season may not be present anywhere at the trial grounds.

Some important reminders ...

We want our trial to be a happy, relaxed day for all our competitors and their dogs. You can help us keep it that way by observing some rules:

- **Please don't visit the site before the trial.** We don't want to risk contamination of potential search sites, and we have special permission to have dogs at the school for our trial.
- **No scent** anywhere on the trial grounds - if you have brought your scent kit, hand it to the trial manager to be secured for the day.
- **No dogs off lead** anywhere in the school grounds. If your class has an off-lead option, the judge will let you know and you remove your lead at the start line.
- No dogs at the **competitor briefing**.
- **Warm up boxes** – will be located near the line for your classes. Do not go to the warmup boxes until the assembly steward tells you it is time to join the line for your class.
- **Be on time** – we have a lot of entries to get through, and if you are not there when you are called for your class, the next dog will go, and you may miss your chance to run. If you are worried about a potential clash because you are running another dog in a class, let the marshalling steward know.
- **Dog attire** – no dangly tags on collars and no non-pull harnesses. If your dog has a rego tag on their collar you can tape it flat.
- **Wear your number** – if you aren't wearing your number you cannot run.
- Be aware of the **Search Area Precinct** – as soon as the judge can see you (even if you haven't crossed the start line) the rules re dog attire, dogs eliminating and handler behaviour apply. This means if you use a halti or slip collar on your dog, you should change into the correct equipment (harness or flat collar) at the last staging point, before you move in view of the search area.
It also means if your dog has a quick pee on their way to the search area in sight of the judge, you may be disqualified.
- **Don't talk about the search.** After your run friends may ask how you went. You may not give any information apart from a 'thumbs up' or 'thumbs down' until all dogs in that class have run. Talking about the search before it is finished can get you disqualified from the trial.
- **Keep the marshalling area clear** – please don't stand around in the marshalling area with your dog after you have run or if your run is not for a good while. If you want to give your dog a chance to decompress after your run, take them for a walk and a relax in the field behind the trial ground.
- **Spectators** are not permitted in Novice classes. At other levels they are permitted if there is sufficient space in the search area surrounds. The judge will

advise at the competitors briefing if there is room for spectators. If you want to watch a class, you must be in place before the class starts and must stay until the class is completed unless the judge decides there is a break during judging. No food or drink in spectator areas.

- **Photography and video** – don't share any video of dogs running until after that class has finished and never share any photos or video of others without their permission.
- **Gazebos** – sorry, no gazebos on the site.
- **Poop bags** – no need to remind people to pick up their dog's poop, but while we area at the college the Groundsman has asked us if we could only place poo bags in the outside bins with plastic liners. Makes if much easier for them when they have to empty the bins!
