Dear SprintDog™ participant

Thank you for taking the time to investigate and enter our SprintDog™ event.

***This is our first SprintDog™ trial at these grounds***, numbers are limited and we ask for your patience as we work out the best systems to effectively run a SprintDog™ trial.

Noarlunga City Obedience Dog club is proudly sponsored by Pet Deli. They have donated 3 x \$25 gift vouchers (random selection), 10% discount cards for use in-store. Visit the Pet Deli gazebo at our event for more information about what they can provide you and your dog.

Please be aware of the following:

- There will not be any 'fun runs' at this trial.
- There will be limited catering and hot and cold drinks in the canteen. See menu below.
- Both cash and EFTPOS available (*with a minimum \$5 spend for EFTPOS*).

We encourage you to read through the SprintDog™ rules thoroughly and the Dogs SA code of conduct before the event.

- Rules for the Conduct of SprintDog™ Trials - <https://dogsaustralia.org.au/members/rule-regulations/rules/>
- SACA Rules and Exhibitors Code of Conduct - <https://www.dogssa.com.au/about/policies/>

This trial will also be run in conjunction with the 'Battle of the States ~ Australian 100m Sprint Competition'. For perusal of the rules for 'BOTS' please see their Facebook page by clicking on the link - <https://www.facebook.com/botsaustralia>. Results from this trial will be collated with all other South Australian results. Each dog's call name, dog's registered name, dog's registration number, owner name/s and dog's height will be shared on the BOTS Facebook page. We will also share your dog's height and date of birth with the coordinator to ensure dogs are recorded in the right category. We will share the dog's actual times from this event for collation with all results for South Australia.

This is a formal trial and as such we will be adhering to the rules. It is expected that every entrant is familiar with the rules and their obligations. Please abide by the instructions of our volunteer stewards.

## Frequently asked questions

- The catcher may call the dog prior and whilst the lure is running, for encouragement, but must be mindful of the body language displayed by the dog as to not distract them from chasing the lure.

- There are three handicaps in SprintDog™ based on the height of your dog.  
If your dog has been officially measured by another dog sport please have those details recorded in the dogs information on Top Dog Events. Please bring the height card with you to the trial and present it at check-in.  
If you do not have a height card, and your dog is shorter than 45cms at the withers then your dog can be measured by a Dogs Australia recognised judge and an official from Noarlunga City Obedience Dog Club Inc. (NCODC). Any dog over 45cms does not need to be measured as there is no height advantage and the officials will sign off on the height card for you, after confirming.
- Any dog that is not measured or does not present their Official SprintDog™ Height Card will automatically be put into the 45cm+ category where there is no handicap.  
Under 30cm = Handicap is 1.5  
30cm and up to 45cm = Handicap is 1.25  
45cm and greater = Handicap is 1
- Points are calculated by speed (km/hr) x Dog's handicap

#### **Example**

Run 1 = 9.13sec

Run 2 = 10.4 sec

**Add them together and divide by 2**

9.13+10.4=19.53.

19.53/2 = 9.76

**To calculate the points we divide 360 by the average time then if relevant add your height handicap. Here is an example using the same equation and numbers for the three handicaps.**

360/9.76=36.89

36.89 x 1.5 = 55points (<30cm)

36.89 x 1.25 = 46points (30cm – 45cm)

36.89 x 1 = 37 (45cm or greater)

## Handler/catcher -

This sport requires each dog to have two people. It is the entrant's responsibility to organise a catcher for their dog. One person is to release the dog (the handler) and the other person is to "catch the dog" at the end of the 100 metre sprint. **Both people must be current members of Dogs SA or another state body (Dogs Victoria etc).** Both need to be full financial members and if you have one person whom is only attending for the purpose of helping you (and do not have dogs entered) then you will need to either provide their membership number to their state body (Dogs SA in South Australia) or you will need to give evidence (membership card or via the Dogs SA app) that you are a current financial member on the day. Without any evidence of number, of both releaser and catcher your dog will be excused.

- Please bring 2 flat collars and leads for each dog (or slip lead). One will be required by the handler and the other for the catcher. Refer to the rules for examples of suitable collar/s.
- NCODC have decided dogs may run with or without a collar – and this collar must in accordance with 8.5 of the rules. The Sprint Marshall will govern this at the start line.
- If one person from your team does not attend, you can replace the person with another person who knows your dog and is a full member of a state affiliate. The committee is not allowed to help dogs that they are not personally familiar with. There are no exceptions to the rule.
- Dogs do not compete against each other regardless of height, handicap, breed, or any other reason. Affiliates must not reward any placings such as first, second or third.
- All qualifying dogs will receive a ribbon.
- Each exhibitor of a qualifying dog will be presented with their Qualifying Certificate showing only Average Time, Average Speed and Points. The time for each individual run will not be presented to exhibitors.
- Dogs who do not complete run 1 will be excused and will not be eligible to participate in run 2. Dogs who complete run1 but do not complete run 2, will be excused.
- Excused or Disqualified dogs are not eligible to earn points.
- Do not enter the exclusion zone. The grass rugby pitch area is an exclusion zone. Anyone entering the exclusion zone will be asked to leave the area. If you're directed to do so more than once you will be asked to leave the trial and your dog will be excused.

## How will the day run?

### 2:00pm to 2:30 pm Height measuring:

Please check in at the registration desk and receive your dog's number first.

If your dog does not already have an official height card a Dogs Australia Judge and NCODC or ALCRC official will be on hand to measure your dog and place them in one of the 3 height categories. The height cards issued are only for use at SprintDog™ events and are not transferable to other sports.

## **2:00pm to 2:30pm Check in and vetting:**

Check in at the registration desk and receive your dog's number.

Please have your current Dogs SA (or state affiliate) membership card for both Handler and Catcher ready to show at check in.

You will be required to swab your bitch for signs of oestrus if she is not neutered.

If you have an official SprintDog™ Height Card or an official height card from another Dogs Australia sport please present it upon check in.

If you plan on using a muzzle on your dog please present your dog and muzzle at check in for a fit inspection.

## **Setup**

Once your dog is measured (if required) AND you are checked in – please support the event to start on time by helping to setup the sprint zone.

## **3:20pm Briefing:**

**ALL** Releasers and Catchers must attend the pre-event briefing near the clubrooms. This will cover important safety information as well as how the day will run. Dogs are not permitted to attend the briefing.

## **3:30pm Dogs due to commence their runs.**

### **Dogs run order**

Dogs will run through from number 1 to 50 and then we will break for stewards to swap roles. We will take a break up to 30 minutes once all dogs have completed the first run. Once we have completed the break we commence running through the numbers from start to finish again (excluding those dogs that were excused in their first run).

Please make sure your dogs are warmed up and cooled down accordingly.

- Please make sure your releaser and catcher are ready and waiting at the designated spots. If you fail to pass through the Gate Steward at the time of your number being called you will be moved to the end of the running order.
- The person releasing the dog is to wait in the waiting area. The person to catch the dog is to wait in the marshalling area near the catching pen (**not behind the catching pen as this may distract some dogs**). Once your dog has run you can then leave the area.
- The Trial Manager/Secretary will need some time to prepare Qualification Certificates at the end of trial. Please be patient.
- The committee will need help after the Trial to pack up the venue. We kindly ask that you volunteer time at the end of the trial to assist with taking down onion mesh etc.

- SprintDog™ is a very volunteer heavy sport and your offer of assistance or willingness to watch and shadow a role would be very welcome.

### Presentations and pickup

- We will present qualification ribbons at the end of the day near the clubrooms. In line with Rules and Regulations of the SA Canine Association Inc trading as Dogs SA, **dogs are not permitted to attend presentations**. The committee and volunteers require time to debrief and analyse the event.
