The Club reserves the right to appoint a reserve judge/lure driver or replacement if necessary.

Judges: Dogs 1 – 60 in the final catalogue: Carmel Nottle; Dogs 61 – 120 in the final catalogue: Rachael Fagan

Check-In Requirements: All competitors must pass through check-in by close of their dogs relevant check-in time. All exhibitors should check carefully the information in the catalogue in relation to check-in procedures based on their dogs circumstances.

Trial Manager/Secretary: Donna Golding

Assistant Trial Manager/Secretary Carmel Nottle

SACA Rep: Julie Wallis

Entry fees: PDODC members: \$17.50 per entry; Non-members: \$22.00

Height Cards: All exhibitors with an approved height card should ensure that their dogs SprintDog™ height is correct in Top Dog Events **BEFORE** entering a trial. Dogs without an approved height card will be measured at check-in where required. Details regarding the measuring check-in procedure will be provided in the catalogue.

Handler Restrictions: Restrictions are in place on the number of dogs an individual can handle at a trial to allow for scheduling requirements in the catalogue. All ***officials and stewards*** can handle (catch or release) a maximum of 4 dogs at a trial. For **Saturday May 24th exhibitors** can handle (catch or release) a maximum of 10 dogs at the trial. For **Sunday May 25th exhibitors** can handle a maximum of 10 dogs at the trial **but must not** be the releaser for more than 6 of the dogs handled.

Entry Restrictions: Exhibitors can only enter 1 trial with a maximum of 3 entries per household. Where dogs entered have multiple registered owners the trial secretary reserves the right to clarify which registered owner the dog lives with and who will be responsible for the exhibit at the trial for the purposes of incident reporting. Trial officials and stewards have the option to enter both trials where they are officiating or stewarding at both trials only.

Entry Requirements: A closed catching pen system will be in use and therefore a releaser and catcher must be specified for all entries. Both the releaser and catcher must be a member of a Dogs Australia State Member Body. The trial secretary reserves the right to withdraw any entries that do not meet these requirements prior to close of entries. All exhibitors (including catchers and releasers) should ensure they familiarise themselves with the SprintDog™ Rules (<https://dogsaustralia.org.au/members/rule-regulations/rules/>)

Sashes and Prizes: Ribbons to all qualifiers. Other prizes and awards as permitted by the SprintDog™ Rules as sponsored or donated will be specified in the final catalogue.

Entries: Online entries and payments via Top Dog Events (<https://www.topdogevents.com.au>). Paper Entries to: SD trial secretary, PO Box 497, Salisbury, SA, 5108. Please contact trial secretary for direct deposit details if intending to submit paper entries. Email entries not accepted due to online entries being available.

Catering: Catering will be available. Details will be posted on Facebook once known or communicated via email.

Hot Weather Rules: If required the Dogs SA and ANKC hot weather rules for SprintDog™ will be applied. If cancelled due to the Hot Weather Rules, Extenuating Circumstances or the Extreme Weather and Safety Rules, no entry fees will be refunded.

Location Notes: Competitors should be aware that the Jenkins Reserve venue is a public reserve with an off-lead dog park. Members of the public and their dogs may be present at the trial venue, particularly within the competitor parking area. The Virginia Straight Track venue is located at State Shooting Park, 65 Park Rd, Buckland Park. As the name suggests it is located within a shooting complex. This venue is not recommended for dogs with noise phobias to gunfire or similar sounds.

Volunteer Stewards: Competitors can volunteer as a steward at either one or both trials. This can be done via the volunteer sign-up on Top Dog Events on the trial page. A specified number of volunteer steward roles are available only. **Exhibitors should only “Self-Register” to steward.** Any registrations done ‘on behalf of’ someone will be removed. If an exhibitor volunteers to steward for dogs 1 – 60 they should not allow themselves to be named as a catcher or releaser for any exhibitor that volunteers to steward for dogs 61 -120 at the same trial. Any individual that enters both trials based on volunteering as a steward must ensure that they fulfill their stewarding duties. **Failure to perform their stewarding duties on the day will result in all their entries being scratched for the second trial entered.**

Queries to: carmel.nottle@unisa.edu.au or email the trial secretary via Top Dog Events

Welcome

Thank you for your entries and also to the judges, lure drivers and stewards for assisting with the running of this trial. Also thank you to those that have helped with the planning and organisation of this trial and with setting up or packing up. *Please remember that everyone involved in this trial is a volunteer so be respectful of all those giving up their time to provide you and your dogs with this opportunity.*

Competitor Numbers

Competitors will need to download and print TWO numbers for each dog they have entered prior to attending. Numbers can be downloaded directly from Top Dog Events: go to “My Entries” and select the relevant trial. On the right hand side will be a “Download Numbers” button OR go to the “Trial Page” for the event and in the top right hand corner will be a “Download Numbers” button. *Remember to print two numbers for each dog.* If you don’t have access to a printer then the numbers can be written clearly on paper that can be worn the same as a printed exhibitor number. One number must be worn by the Releaser and the other must be worn by the Catcher. The competitor number must be displayed in such a way it is clearly visible to the Assembly Steward/Gate Steward/Catching Pen Steward. Where an individual is the handler (catcher or releaser) for multiple dogs, only one number is to be displayed at a time and it should be the correct number for the dog about to be handled. *While competitors will print their own numbers all dogs are still required to be check-in on the day.*

Vetting, Measuring and Check-in Procedures

Please read the following information carefully regarding Vetting, Measuring, and Check-in procedures. If in doubt please consult the flow diagram on the following page.

Vetting: Vetting for all entire bitches and any bitches without written proof of desexing will occur each day from 7:45 – 8:00am in the carpark at the location of the Vetting Stewards Parking indicated on the parking map. Exhibitors MUST bring both exhibitor numbers for all bitches that require vetting with them to the vetting steward. Once your dog has been cleared, the vetting steward will stamp your exhibitor numbers which can then be taken to the Main Check-in or the Measuring Check-in depending on your dogs circumstances. *Dogs that have been vetted are not considered to have been checked in. They have been vetted only. Dogs will not be vetted at either of the check-in desks.* Please check the parking map for the trial that you are attending to see where the Vetting Steward parking will be located.

Measuring Check-in: Measuring will occur each day from 7:45 – 8:15am and is required for any dog without an approved SprintDog™ OR Dogs Australia Member Body height card. For those with a Dogs Australia Member Body height card, the card must clearly state the dogs height at withers to be suitable. *Any dog without a height card MUST be issued with a SprintDog™ height card prior to competing (Rule 5.2).* Exhibitors must bring both exhibitor numbers for any dog that requires a height card to the Measuring Check-in desk between the specified times. *Only dogs that are close to or below 45cm at the withers will be required to be physically measured.* If a dog is a larger breed that is clearly 45cm or above at the withers the dog does not need to be present at check-in but the exhibitor numbers still need to be presented and the height category of ≥45cm recorded for the dog to be considered checked-in. *Dogs will not be vetted at the measuring check-in and must have been vetted PRIOR during the vetting time. Once vetting is closed any un-vet bitches will not be checked in.* Please check the map for the trial that you are attending to see where the Measuring Check-in desk will be located

Main Check-in: The main check in desk will be open from 8:00 – 8:30am each day. *The main check-in is only for dogs that have an approved height card* (SprintDog™ OR Dogs Australia Member Body height card). For those with a Dogs Australia Member Body height card, the card must clearly state the dogs height at withers to be suitable. Where the dog being checked in is an entire bitch or bitch without written proof of desexing, they must have been vetted PRIOR to check-in. *Dogs will not be vetted at the main check-in and must have been vetted PRIOR during the vetting time. Once vetting is closed any un-vet bitches will not be checked in.* Exhibitors must present both exhibitor numbers AND their approved height card for all dogs to be checked in. *There are to be no dogs present in the Main Check-in queue.*

The flowchart is titled "START HERE Do you have an approved height card?" in a red box. It begins with the question "Is your dog male?". If "YES", it asks "Is your dog greater than 45cm at the withers?". If "YES", it says "Take your exhibitor numbers and pedigree paper to the Measuring Check-in Desk?". If "NO or UNSURE", it says "Take your exhibitor numbers, pedigree paper and your dog to the Measuring Check-in Desk?". If "NO", it asks "Is your bitch entire?". If "YES", it says "Take your bitch and your exhibitor numbers to the Vetting Steward", then "THEN" it asks "Is your bitch greater than 45cm at the withers?". Competitor briefing

The briefing for all handlers (both Catchers and Releasers should be present) will occur at 8:30am under the verandah on Saturday and near the catching pen on Sunday. The purpose of the briefing is not to answer questions already covered by the SprintDog™ rules but to clarify information, and answer questions, specific to the running of this trial. All handlers should ensure that have read the rules prior to attending the briefing. ***There are to be no dogs present at the competitor briefing.***

Order of Runs

Competitors will be called according to the catalogue order as listed unless other wise instructed at the competitor briefing. All dogs will complete Run 1 before Run 2 is commenced. As per the SprintDog™ rules, any dog that is excused in Run 1 will not be eligible to run in Run 2. At the discretion of the Lure Driver, Judge and Trial Manager, excused dogs may be provided the opportunity to have a practice run at the end of the day where time allows. ***Any competitor (Catcher and/or Releaser) who does not present themselves to the relevant steward after 3 calls without prior approval of the Trial Manager (in consultation with the Judge), will be excused and their dog will forfeit any further runs.***

Presentations

Presentation of qualifying certificates will take place in the same location as the judges briefing at each trial as soon as practical at the conclusion of judging and once all equipment has been packed away. Qualification ribbons will be available to all qualifiers. ***No dog are to be present at presentations.***

Competitor Reminders

While competitors should always read the rules for the sport and be aware of their responsibilities as an exhibitor, they are strongly encouraged to refresh themselves on the following rules and codes:

Trial Precinct and Logistics

On the day of the trial all dog must be on a lead of 2m or less at all times unless in the Sprint Zone. Please do not allow your dog to approach another dog without the permission of the owner/handler – this is rule requirement and can result in an incident report if not followed. Please also be considerate when moving in and around cars in the carpark to avoid disturbing any dogs in cars. Please also be mindful of noise in the carpark due to public houses nearby, particularly if your dog is prone to barking. Complaints about noise may result in the Club no longer being able to conduct trials.

No dogs are to be under the verandah of the clubrooms with the exception of the specified measuring check-in time. No dogs are to be tethered to any verandah poles, railing in the carpark or similar posts/poles near the toilets at any time.

An off-lead dog park is located at the end of Jenkins Reserve which can be accessed by competitors during the trial. Please be aware that the carpark area of the trial precinct is considered to be a public space and members of the public and their dogs may be present in this area. If any competitor has any concerns with a member of the public they are asked to raise it immediately with one of the Trial Officials.

All competitors should ensure that they familiarise themselves with the maps on the following pages prior to attending the trial.

Parking

Please ensure that you check where you are able to park on the day. Please also remember that the carpark is considered a public space and that members of the public and their dogs may also be in this area.

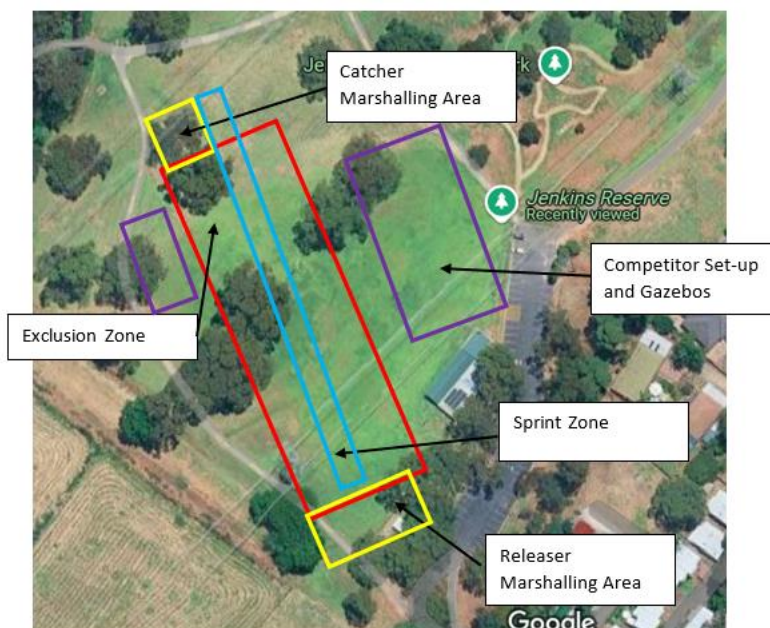

Check in, Measuring, Canteen and Toilets

Please ensure that you present to the correct check-in area during the required time as specified in the information on previous pages. Bitches without written proof of desexing will not be vetted at either check-in desk and must have been cleared by the vetting steward during the designated vetting time.

Sprint Zone, Exclusion Zone and Releaser and Catcher Marshalling

Only those dogs that have been called by the Assembly Steward should be within the Releaser Marshalling Area at any time. ***The permanent picnic table is considered to be within the Releaser Marshalling area and competitors are not able to set-up in this area.*** Competitors can set up in the areas designated below. Please allow a minimum of 5m from the exclusion zone to allow other competitors space to walk to the catching pen. For officials parked near the Marshalling Area, crates and chairs can be set up near their cars. A reminder that no competitor or spectators should be within the exclusion zone at any time. On the day the exclusion zone will be marked with cones.

Judges, Drivers, Stewards and Volunteers

Thank you to all those that have volunteered their time to assist with the running of the trial and to the judges() and lure operator(s) for the day. Without all these helpers you and your dog wouldn't be able to enjoy such a great day together.

Trial Precinct and Logistics

On the day of the trial all dog must be on a lead of 2m or less at all times unless in the Sprint Zone. Please do not allow your dog to approach another dog without the permission of the owner/hander – this is rule requirement and can result in an incident report if not followed. Please also be considerate when moving in and around cars in the carpark to avoid disturbing any dogs in cars.

At no time are dogs are to be left in the permanent dog crates located near the catching pen. These can be used temporarily for competitors catching multiple dogs within the same grouping of 10 dogs. Dogs must then be removed and the crates freed up for the next group of dogs running.

Parking

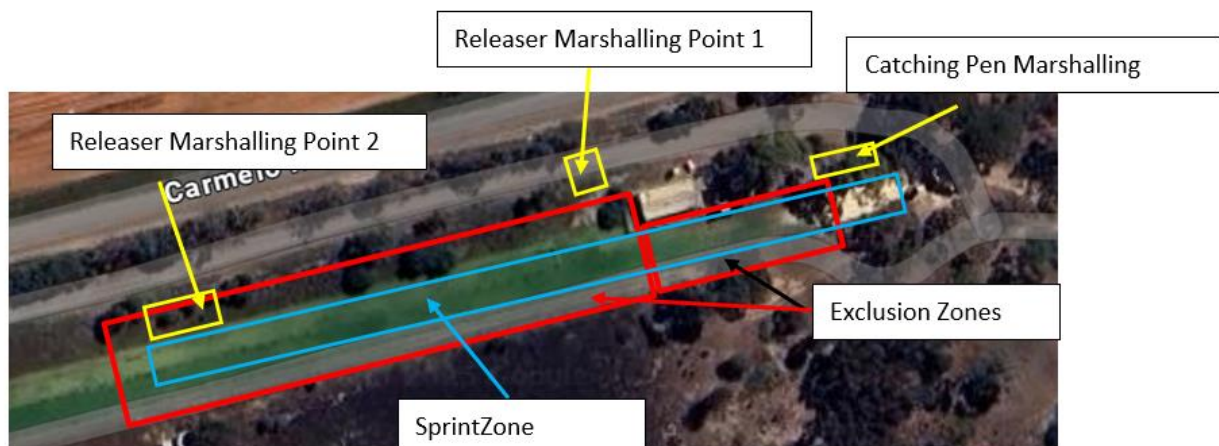

Please ensure that you check where you are able to park on the day. Shade may not be available in all areas of parking so competitors should bring appropriate shade and water for their dogs if required.

Sprint Zone, Exclusion Zone and Releaser and Catcher Marshalling

Only those dogs that have been called by the Assembly Steward should be within the Releaser Marshalling Point 1 area at any time. A reminder that no competitor or spectators should be within the exclusion zone at any time. It is asked that competitors make an effort to the catching pen marshall area free of dogs to allow those dogs that have just run to be moved away from the catching pen with minimal dog distraction.

Dogs will be marshalled in groups of 9. Dogs 1-9 will be called to Releaser Marshalling Point 1 and then sent as a group to Releaser Marshalling Point 2. While dogs 1-9 are running, dogs 10 – 19 will be called to Releaser Marshalling Point 1 and so on until all dogs have run.

Check in, Measuring, Canteen and Toilets

Please ensure that you present to the correct check-in area during the required time as specified in the information on previous pages. Bitches with written proof of desexing will not be vetted at either check-in desk and must have been cleared by the vetting steward during the designated vetting time. Additional toilets, including disabled toilets, are available at the State Shooting building. Once Check-in has been completed there is no competitor access to the canteen via the front of the building facing the SprintZone as this is within the exclusion zone. Access to the canteen will be via the end of the building only. Only approved trial officials should be within the building once runs have commenced.

Judges, Drivers, Stewards and Volunteers

Thank you to all those that have volunteered their time to assist with the running of the trial and to the judges() and lure operator(s) for the day. Without all these helpers you and your dog wouldn't be able to enjoy such a great day together.
